

## Obsolete Account Codes

For FY09, new account codes were set up as part of the Adjunct Staff project (casual, part-time and full-time temporary appointments). There are a number of codes used prior to this project that were used to support the 'non-status' coding structure that are now obsolete. It is not yet possible to inactivate these codes, but the Budget Office is asking that the obsolete codes no longer be used. The link below provides a listing of all obsolete codes.
